

### What do students and parents have to say about PowerScore?

"I learned more in the first four hours from PowerScore than I did in four months using Kaplan's study at home material."  
Bradford R. - Columbia, SC

"An invaluable resource and service, definitely worth every penny. Thanks PowerScore!"  
Tim F. - Phoenix, AZ

"The best test prep course I've ever taken. The virtual class was one of the best investments I've ever made; it let me take classes whenever and wherever, and allowed me to go back and review class materials at any point. The instructors were great at teaching the core concepts, and the homework was excellent practice - better than any practice test - because it helped me learn the material rather than just practice making the same mistakes. Definitely take this class!"  
Kamaldeep K. - Basking Ridge, NJ

"Wow, where do I begin to thank you guys for this class and this instructor. I learned so much in just 2 days. Thanks!"  
Diane F. - New Orleans, LA

"My child's scores increased drastically after taking the PowerScore Course. I don't know how any parent can afford NOT to have their child take the course."  
Toni W. - Hilton Head Island, SC
